*Tommy's Gift is in need of your support as we attempt to enhance the quality of life of 8 special needs and physically disabled residents of the Open Door Rehabilitation Center. Tommy's Gift has committed to these individuals as well as this great organization to build a state of the art fully accessible backyard retreat at the resident's home. Tommy's Gift is extremely proud to partner with the Open Door Rehabilitation Center and fully support their efforts throughout our community in serving adults with developmental disabilities. Many individuals have benefited from the efforts of this non-profit organization and have enjoyed a sense of self-worth through independent living, training and employment. Tommy's Gift is so very proud to help these brave residents and hopefully through our efforts bring them all more independence and joy while letting them know that as a society and a community we care and support them. We ask you to help us help those in need.*
